a Bachelor of
Architectural
Studies?

IMAGINE ARCHITECTURE

Exciting summer studio workshops designed for grade 10 to 12 students interested in exploring the world of architecture. Participants will be exposed to topics and skills relevant to a design education such as hand drawing, modeling, creative writing, theatre design and architecture in digital space. Two independent courses are offered: LAB 101 and LAB 102.

SUMMER 2018

LAB 101: July 9-13

LAB 102: Jul 20-22
